After that keep left under the viaduct

On this traffic light go straight on

After traffic light keep right not going down the ramp with LIJNBUS

When going under the building you have to through the roadside over the bike path, there is a yellow sign indicating SONATE TRANSPORT

Now you have setup your truck and go to the doorman of the building site at poort 5  
The tram rails are dead so not in use anymore

You will find poort 5 here, our loading dock is on their building site so they clear you for entrance
